## SANITARY SURVEY OF TONOPAH IS MADE

(Continued from Page 1)

were not that his presence is demanded at once in Mississippi for similar work.

It appears from conversation with Drs. Lee and Fox as well as from reference to the statutes of Nevada, that the local board of health, particularly the district attorney and the county commissioners, have been extremely lax in the performance of their duties. This is most obvious in the continued existence of disease-breeding cesspools and the construction by permit of new receptacles instead of enforced connection with the Tonopah sewer system.

Dr. Lee says that there is also grave menace from lack of concerted effort in combating that most common carrier of disease, the house fly.

A number of suggestions will be made to the next legislature as a result of this sanitary survey. One will be an increase in the appropriation for the state board of health, which needs reorganization. The Nevada legislature has hitherto appropriated for fish and game purposes and for horse racing many times the amount it has for preservation of the public health and decrease in the death rate.

It will also be proposed that two state sanitary engineers be appointed as well as a state epidemiologist. It will be suggested and urged that there be correlation of the various organizations in the state bearing on health matters.

Dr. Lee calls attention through the Bonanza to the fact that the county boards of health are supreme unless their acts come into conflict with the state board.

In this connection it may be stated that many citizens of Tonopah who have long suffered at the hands of a neglectful board of health, will shortly make strong protest to the county board, which includes the commissioners, sheriff and health officer, with the district attorney as an ex-officio member. The same citizens will also

## Stunning Bathing Cap For The Merry Summer Girl

TO PROTECT THE HAIR.

THE summer girl will require pretty bathing accessories for her beach toilet. So the manufacturers have turned out some stunning things in rubber of almost every hue of the rainbow. The one shown here, of rose rubber, is coquettish in the extreme as well as fitting very snugly over the hair and protecting it from the deleterious effects of the salt water.

## PATRICK J. QUINN IS A HAPPY BENEDICT

WEDDED AT PORT ARTHUR, TEX., TO MISS MARY McDOWELL OF THAT CITY

A marriage of interest to many friends in Nevada was celebrated on July 14th at Port Arthur, Texas, when Patrick J. Quinn, manager of the Wittenberg mill at Manhattan, claimed as his bride Miss Mary McDowell, a popular young lady of Port Arthur.

The groom is a Virginia City raised boy, a graduate of the University of Nevada school of mines, and resided in Tonopah for some years before moving to Manhattan. The newlyweds have been enjoying an extended honeymoon, taking in both the San Diego and the San Francisco expositions. They will visit in Tonopah for a few days upon their return at the home of Mr. and Mrs. Thomas H. Griffin, after which they will leave for Manhattan.

For results, advertise in the Daily Bonanza.

protest to the grand jury of Nye county, in the event that the board of health does not perform its duty, to force it to do so.

## ALL IN READINESS FOR TAP OF GONG

GOOD BATTLES EXPECTED AT BOXING CARNIVAL AT AIRDOME THIS EVENING

Everything is in readiness for the fight carnival tonight, and the contestants are anxiously awaiting the sound of the gong. Each boy has been interviewed today and expresses confidence in his ability to win, and they surely feel that way.

The bunch that went to Goldfield Saturday was greeted by a large crowd and the fighters were appreciated very much. There will be a good crowd in attendance to represent our southern neighbors, who are backing their favorites.

Many wagers have been made locally at even money, which shows that the public appreciates not only the fighters but the efforts of the club. Last night several bets were posted of \$50 each and all were taken immediately.

The battle royal will be the first number staged this evening and it promises to be fast and furious. The contestants are known to be hard hitters, and each has his eye upon the bankroll.

Next will be a 10-round go between Harry Kelsey and Slick Merrill for the middle-weight championship of the west. Much interest centers in this contest, one of the men being colored and known to be a very tough nut to crack. Kelsey has a very enviable record on the coast, but does not fear his antagonist although he will weigh a few pounds more. This is his first appearance here and he will be watched very closely.

Bratton and Malone will conclude the entertainment with a 10-round go for the lightweight championship of the west. Both boys are well and favorably known and have their admirers by the hundred. This fight is attracting the most attention, the qualities of each man seem equal and they are as evenly matched as it is possible for two men to be.

The Tonopah Military band will give a concert just before the arena opens and the house will undoubtedly be packed. The advance allotment of seats will all be sold before the performance, which is a good indication of what the rest of the house will be.

## SCHOOL OF MINES CLOSES FIRST TERM

CONSIDERABLE PROGRESS MADE BY LARGE CLASS OF AMBITIOUS STUDENTS

The first term of Tonopah school of mines came to a close today. A vacation will be taken until September 1st, at which time two new courses of study will be taken up. The periods are so divided that a vacation is taken after each three months of work. By this arrangement it is found possible to complete two subjects every three months, and then, after a short rest, to take up new work.

During the first term forty-seven men have taken advantage of the school. That the school has proved a great success is clearly shown by the interest that students and citizens of Tonopah have taken during the past term. The men who are attending the mining school are practical workmen of this district. After working their shift in the mines or mills they give up all thought of an evening at home or at some form of amusement and settle down for another two hours of work.

Principal E. R. Bennett will leave tomorrow morning for Reno where he will report the success of the school to President A. W. Hendrick of the University of Nevada. He will probably spend some time in California before returning to Tonopah. He desires to state that new students will be received at the school beginning with the September term.

## HUNT'S HYGRADE IN A BETTER LOCATION

MOVES TO MORE COMMODIOUS AND FIREPROOF STRUCTURE IN CENTER OF CITY

F. S. Hunt, owner of Hunt's Hygrade, yesterday changed the location of his store from under the Elks' home to the building formerly occupied by Morrow & Hussey. The removal commenced Saturday and they are now open for business in the new home.

Mr. Hunt came to Tonopah in September, 1911, and founded a store on upper Main street. At that time it was a branch of the Goldfield business house. He steadily increased his stock and soon made the Tonopah establishment the larger of the two stores owned by him.

At each anniversary, a large birthday cake was placed on exhibition. Inside the cake were five or six dimes which held a number, entitling the lucky person who possessed it to a beautiful present. Each year the cake is larger than the preceding one.

Hunt's Hygrade will make a specialty of men's furnishing goods, shoes for men, women and children, dry goods, notions and men's hats. New goods are arriving daily. A souvenir, which has been delayed, will be given away. Announcement of its arrival, together with its description, will appear later.

The new home is in a better location than the former one, being in the heart of the business section. The building is fireproof and has a larger capacity than the old residence. The show windows are large and the stock can be displayed to splendid advantage. The daylight effect on the interior enables one to match the most delicate shade.

## AMUSEMENTS

## BUTLER THEATER

The bill for tonight's program will be the Pathe Weekly of current events and B. A. Rolfe's production of the famous comedy-drama, "My Best Girl," a five-act photo-drama of the Park theater success by Channing Pollock and Renold Wolf. The picture contains an all-star cast with Max Pigman and Louis Meredith, the two noted stage stars, in the principal roles. The picture is taken from the play of the same name. It is a comedy of superb laughable situations based on the troubles of an adventurous young fellow who assumes another man's name and that other man happens to be a deserter from the army. Troubles follow fast for the fictitious soldier, but everything ends well for him. The picture is in five parts and contains more than 200 scenes.

Tomorrow, "The Bargain," a five-reel Paramount, and one of the best that company has placed before the public in some time.—Adv.

## WILL SEEK NEW FIELD

R. E. Morrow left this morning for Yuma, Ariz., where he will engage in the mercantile business. Mrs. Morrow and the children will leave shortly for the coast, where they will reside.

## BACK FROM RENO

W. H. Blackburn, Frederick Bradshaw and John G. Kirchen returned Sunday morning from Reno, where they attended a meeting of the Nevada Mine Operators' association.

If you want the telegraph and local news—try the Bonanza.

## DO YOU USE "DUMMY"

Webster defines the word "Dummy" as follows: "Dummy—A sham package in a shop, one that does not contain what its exterior indicates. Fictitious, or shammed; feigned."

Or, in other words, Blank Stationery, in your daily business transactions?

?

As applied to Business Stationery, the word "Dummy" carries with it all the odium applied by Mr. Webster. Associated with its use are the tombstones of countless business failures. It consists of a sheet of cheap paper in the shape of a bill head, a letter head, or, possibly an envelope, upon which is smeared the name of a town, together with a few blank lines upon which may be scrawled the name of the firm, person or corporation who is making a slipshod attempt to do business. Or the name may even be gobbled upon the sheet by a rubber stamp.

At all events, the use of such Stationery detracts from the quality of the stock carried if any attempt is being made to give honest, sterling goods.

Its use does not tend to leave a good impression in the mind of the party receiving it.

He is apt to associate you and your goods and your business in the same category to which your stationery properly belongs.

Think it over. Really there is but a short step at times between the road to Success and the broad highway that ends at the great big city of Failure.
